| 15:40 – 15:50 | 2495 | <b>Updating the Geological Map of the Aladağ Ophiolite Complex (Turkey): a Comparative Study of SVM, RF and SAM Supervised Classifiers</b> | Mamadou Traoré, Tolga Çan, Senem Tekin |
| 15:50 – 16:00 | 2604 | <b>Hierarchical Multi-layer Neural Network Architecture for Predictive Diagnostics of Three-phase Induction Motors</b>                     | István Bendiák, György Schuster        |
| 16:00 – 16:10 | 2579 | <b>Smartdcc - Challenges and Benefits of Implementing IOT&amp;AI in Cultural and Historical Centers</b>                                    | Alma Stana, Alma Golgota               |
| 16:10 – 16:20 | 2541 | <b>Improving the Energy Performance of a Building by Incorporating PCM Materials into the Building Envelope.</b>                           | Erion Mali, Adhurim Hoxha              |
| 16:20 – 16:30 | 2539 | <b>Application of Life Cycle Assessment (LCA) in Wastewater Treatment Systems: a Study on Environmental Performance Gaps in Durrës</b>     | Elma Kodra, Ulpian Hoti, Stela Sefa    |
| 16:30 – 16:40 | 2429 | <b>Compressed Air Energy Storage Implentation in Abadonded Mines: the Case of Selmecebánya</b>                                             | Bence Hernádi                          |
| 16:40 – 16:50 | 2549 | <b>Social Expectations Regarding Ethical Pricing of Products</b>                                                                           | Ferenc Katona                          |
| 16:50 – 17:00 | 2469 | <b>The Impact of Human Resource Management on the Prevention of Maritime Accidents: Evidence from Survey-based Analysis</b>                | Sanie Doda, Shpëtim Pupa               |
| 17:00 – 17:10 | 2529 | <b>Road Security in Balkan</b>                                                                                                             | Drita Hima                             |
| 17:10 – 17:20 | 2501 | <b>GIS-based Environmental Pollution Assessment Using Mathematical Analysis</b>                                                            | Sandër Kovaçi, Migen Duka              |

**SESSION 2 · ICONST Room 4**

Thursday, July 2, 2026 · 15:40 – 17:30 (Türkiye time, GMT+3)

**Session Chair:** Zuzana Bajusová**Meeting ID:** 858 1765 0070 **Password:** iconst2026*After joining the meeting, please move to the breakout room indicated for your session in the conference program.*

| Time          | ID   | Presentation Title                                                                                                                                           | Author(s)                                                              |
|---------------|------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------|
| 15:40 – 15:50 | 2581 | <b>Atherogenic Lipid Profile as a Biochemical Marker of Response to Whole Cow's Milk Consumption</b>                                                         | Katarína Štefániková, Martina Pšenková, Zuzana Bajusová, Martin Behran |
| 15:50 – 16:00 | 2612 | <b>Analysis of Legal Risks Arising as a Result of Intensive Modernization of the Agricultural Sector and the Introduction of Innovative Technologies</b>     | Akshatayeva Zhanna Baibekovna, Duisebekov Erbol Kubeybekovich          |
| 16:00 – 16:10 | 2613 | <b>Impact of Innovative Technologies on Environmental Safety in Agriculture: Problems of Legal Regulation in the Republic of Kazakhstan</b>                  | Zh. B. Akshatayeva, G. P. Zharylkapova, E. K. Duisebekov               |
| 16:10 – 16:20 | 2406 | <b>Strategic Prioritization of Electric Vehicles in Tirana's Traffic System</b>                                                                              | Luiza Lluri, Alma Golgota, Fadil Lluri                                 |
| 16:20 – 16:30 | 2436 | <b>Wheat Production under Changing Climate Conditions: Evidence from the Visegrad Group Countries</b>                                                        | Zuzana Bajusová, Andrea Janíčeková                                     |
| 16:30 – 16:40 | 2448 | <b>Multiscale Experimental–DFT Investigation of PES/MMT Mixed Matrix Membranes for Efficient Removal of Emerging Antibiotic Contaminants from Wastewater</b> | Afef Attia, Ali Ben Ahmed                                              |
| 16:40 – 16:50 | 2489 | <b>Critical Dynamics in Large-scale Neuronal Networks: a Physics-based Approach to Subcritical, Critical, and Supercritical Regimes</b>                      | Azem Hysa                                                              |
| 16:50 – 17:00 | 2435 | <b>Exploring Neuronal Excitability Through Matlab Simulations of the Izhikevich Model</b>                                                                    | Azem Hysa                                                              |
| 17:00 – 17:10 | 2616 | <b>Fungicide Resistance in Plant Pathogenic Fungi: Current Challenges and Sustainable Management Strategies</b>                                              | Verë Lindë Bogaj, Anita Vegh, David Papp                               |
| 17:10 – 17:20 | 2610 | <b>Preliminary Assessment of Antifungal Potential of VOCS Produced by Different Photorhabdus Species Against Monilinia Laxa</b>                              | Emre Şen, Tímea Tóth, Szabolcs Ádám and Tamás Lakatos                  |
| 17:20 – 17:30 | 2526 | <b>Opportunities and Challenges of the Binding and Validity of Electronic Contracts in Albania.</b>                                                          | Julejda Aliaj, Enkelejda Haxhiraj                                      |

**SESSION 3 · ICONST Room 1**

Friday, July 3, 2026 · 10:00 – 11:40 (Türkiye time, GMT+3)

**Session Chair:** Fatih Yılmaz**Meeting ID:** 847 1547 7065 **Password:** iconst2026*After joining the meeting, please move to the breakout room indicated for your session in the conference program.*

| Time          | ID   | Presentation Title                                                                                                                                                                      | Author(s)                                               |
|---------------|------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------|
| 10:00 – 10:10 | 2603 | <b>Investigation of Some Properties of Densified Poplar Wood</b>                                                                                                                        | Ömer Ümit Yalçın, Ceylin Gürsoy                         |
| 10:10 – 10:20 | 2514 | <b>Physicochemical Characterization of AGNP-incorporated Citric Acid Cross-linked PVA/chitosan Hydrogels for Wound Dressing Applications</b>                                            | Murat Sancak, Rukiye Tasdemir, Umran Sofu, Kerim Yapici |
| 10:20 – 10:30 | 2546 | <b>Microplastic Migration in Food Packaging: Health Impacts and Edible Film Solutions</b>                                                                                               | Yetkin Egilmez, Kadir Özan, Alev Akpınar Borazan        |
| 10:30 – 10:40 | 2520 | <b>Evaluation of the Long-term Mechanical Properties of Environmentally Friendly Self-compacting Mortars</b>                                                                            | Merve Şahin Yön                                         |
| 10:40 – 10:50 | 2567 | <b>The Evolution of Artificial Intelligence: a Systematic Review of Conceptual Shifts and Future Paradigms</b>                                                                          | Sami Heybet, Oğuzhan Timur                              |
| 10:50 – 11:00 | 2488 | <b>Comprehensive Assessment of Solar Energy Potential in Adıyaman (Türkiye) a Multi-period Analysis of Solar Irradiance and Meteorological Characteristics</b>                          | Hacı Soğukpınar, Senem Tekin                            |
| 11:00 – 11:10 | 2409 | <b>Comparative Energy, Exergy, and Sustainability Evaluation of the Double and Single Flash Geothermal Power Plant for Clean Future</b>                                                 | Fatih Yılmaz                                            |
| 11:10 – 11:20 | 2408 | <b>PEM Electrolysis in Green Hydrogen Production: a Short Review and an Example of Wind-powered Hydrogen Generation.</b>                                                                | Fatih Yılmaz                                            |
| 11:20 – 11:30 | 2632 | <b>The impact of bioisosteric replacement of CF3 functional group of “Fluoxetine” with different halogens on intermolecular binding affinity (kJ mol<sup>-1</sup>) of 5-HTT protein</b> | Aras Bazoğlu                                            |
| 11:30 – 11:40 | 2532 | <b>Modern Dünyada Boşluk Hissi: Serbest Zamanda Sıkılma Algısının Anlam Arayışı ve Yeni İnanç Sistemleri Üzerindeki Etkisi</b>                                                          | Sinan Erdem Satılmış, Yusuf Kaan Baş                    |

**SESSION 3 · ICONST Room 2**

Friday, July 3, 2026 · 10:00 – 11:40 (Türkiye time, GMT+3)

**Session Chair: Orsolya Szıgetı****Meeting ID: 847 1547 7065      Password: iconst2026***After joining the meeting, please move to the breakout room indicated for your session in the conference program.*

| Time          | ID   | Presentation Title                                                                                                                 | Author(s)                             |
|---------------|------|------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------|
| 10:00 – 10:10 | 2519 | <b>Black Carrot Chips as a Functional Snack: Physicochemical and Antioxidant Properties</b>                                        | Şükran Kuleaşan, Hande Özge Güler Dal |
| 10:10 – 10:20 | 2525 | <b>Investigation of Structural, Thermal, and Microstructural Properties of Ga/se-doped Hydroxyapatite Bioceramics</b>              | Mehtap Demirel                        |
| 10:20 – 10:30 | 2572 | <b>Energy and Exergy Analysis of a Geothermal-based ORC–RO System for Combined Electricity and Freshwater Generation</b>           | Serpil Celik Toker                    |
| 10:30 – 10:40 | 2442 | <b>This Article Emphasizes the Points That Need to Be Considered in the Production and Use Processes of Aluminum Alloy Wheels.</b> | Mustafa Karamolla                     |
| 10:40 – 10:50 | 2503 | <b>Upcycling Hazelnut Shell and Cigarette Filter Wastes into a Dual-mode Janus Bamboo Fabric for Radiative Cooling and Heating</b> | Nazife Korkmaz Memiş, Sibel Kaplan    |
| 10:50 – 11:00 | 2610 | <b>What Makes A Skincare Review Helpful? Evidence From Sephora</b>                                                                 | Aelita Muratbekova, Orsolya Szıgetı   |

| 10:00 – 10:10 | 2487 | <b>The Role of Needle-litter Decomposition in Black Pine (Pinus Nigra Arn.) Forests Ecosystems in Türkiye</b>                                                                   | Metin Bektaş, Murat Sarginci                                                                                       |
| 10:10 – 10:20 | 2502 | <b>Modelling of Falling Thin Films Down an Inclined Surface.</b>                                                                                                                | Gökçen Çekiç, Grigory M. Sisoiev                                                                                   |
| 10:20 – 10:30 | 2562 | <b>Synergistic Protective Effects of Vitamin B12 and Folic Acid Against High Potassium Iodide-induced Oxidative Stress</b>                                                      | Didem Korkmaz, Melisa Erdal, Berivan Atay, Cemre Kuş, İrem Alkan                                                   |
| 10:30 – 10:40 | 2531 | <b>Bridging Wind Energy and Wildlife Conservation: Seeking Win-win Outcomes in Environmental and Ecosystem Assessments</b>                                                      | Çağdan Uyar                                                                                                        |
| 10:40 – 10:50 | 2569 | <b>The Effect of Reduced Soil Moisture After Tillage on Fragmatation in Clay Soils</b>                                                                                          | Tuğba Karaköse, Ali Tekgüler                                                                                       |
| 10:50 – 11:00 | 2445 | <b>The De Ritis Ratio as a Surrogate Marker for Nmr-derived Atherogenic Lipoprotein Subfractions: a Large-scale Analysis</b>                                                    | Furkan Şahin, Neslihan Yıldırım Saral, Aysun Toker, İrem Tay, Nazlıhan Tekin, Mustafa Serteser, Ahmet Tarık Baykal |
| 11:00 – 11:10 | 2444 | <b>Determination of Antioxidant Activity of Borax Decahydrate by DPPH Radical Scavenging Assay</b>                                                                              | Buse Alaca, Sevcan Mamur                                                                                           |
| 11:10 – 11:20 | 2458 | <b>Synthesis, Characterization, in Vitro and Computer-aided Evaluation of the Biological Activity of a Novel Schiff Base for Antibacterial Activity</b>                         | Özge Şengül, Bülent Dede                                                                                           |
| 11:20 – 11:30 | 2498 | <b>Floristic Structure and Habitat-based Conservation Priorities in Sultan Sazlığı (Marshland) National Park and Ramsar Site: Implications from the Revised Management Plan</b> | Okan Ürker, Yasin İlemin                                                                                           |
| 11:30 – 11:40 | 2496 | <b>Traditional Apiaries in the Context of Brown Bear–beekeeper Coexistence and Ecosystem Sustainability</b>                                                                     | Yasin İlemin, Okan Ürker                                                                                           |

**SESSION 4 · ICONST Room 1**

Friday, July 3, 2026 · 13:30 – 15:10 (Türkiye time, GMT+3)

**Session Chair:** Dr. Tunahan Çınar**Meeting ID:** 838 3796 2584      **Password:** iconst2026*After joining the meeting, please move to the breakout room indicated for your session in the conference program.*

| Time          | ID   | Presentation Title                                                                                                                                                                                                     | Author(s)                                                                                             |
|---------------|------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------|
| 13:30 – 13:40 | 2575 | <b>Population Monitoring and Establishment of a Laboratory Culture of <i>Ostrinia Nubilalis</i> (Hübner, 1796) as a Basis for Developing Biological Control Methods Against Maize Pests in Southeastern Kazakhstan</b> | Tashigul Nurzhan, Alpysbayeva Karlygash, Adilkhankyzy Ainura, Tleubergenov Khamitzhan, Asylan Kasymov |
| 13:40 – 13:50 | 2556 | <b>Psychological and Critical Dimensions of Artificial Intelligence Use among Generation Z</b>                                                                                                                         | Ágnes Csiszárík-Kocsir                                                                                |
| 13:50 – 14:00 | —    | <b>The Role of Biology in Developing the Professional Competencies of Future Medical Professionals</b>                                                                                                                 | Issagali Altynzer Askarbekkyzy                                                                        |
| 14:00 – 14:10 | —    | <b>Artificial Ecosystems as Models of Nature: Investigating Ecological Balance in a Closed Terrarium</b>                                                                                                               | Zhalgasova Bakytur Azamatkyzy                                                                         |
| 14:10 – 14:20 | —    | <b>“Enzyme immunoassay (ELISA) and its prospects in laboratory research for scientific purposes”</b>                                                                                                                   | Balnur Makuyeva Muratkyzy                                                                             |
| 14:20 – 14:30 | —    | <b>The Use of Interactive Digital Technologies in Biology Education: Improving Students’ Understanding of Complex Biological Concepts</b>                                                                              | Kubentayeva Aida                                                                                      |
| 14:30 – 14:40 | —    | <b>Molecular Biology of Cancer: Genetic Mechanisms and Modern Therapeutic Approaches</b>                                                                                                                               | Yerlan Roza                                                                                           |
| 14:40 – 14:50 | 2573 | <b>Multi-index Sentinel-2a Monitoring for Automatic Windthrow Mapping and Temporal Detection of Disturbance Events</b>                                                                                                 | Tunahan Çınar                                                                                         |

**SESSION 4 · ICONST Room 2**

Friday, July 3, 2026 · 13:30 – 15:10 (Türkiye time, GMT+3)

**Session Chair:** Dr. Abdullah Çuhadar**Meeting ID: 838 3796 2584      Password: iconst2026***After joining the meeting, please move to the breakout room indicated for your session in the conference program.*

| Time          | ID | Presentation Title                                                                                                                                 | Author(s)                                                        |
|---------------|----|----------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------|
| 13:30 – 13:40 | —  | <b>Aesthetic–performance Conflict: A Qualitative Study On Muscle Dysmorphic Tendencies In Elite Athletes</b>                                       | Burak Yardım, Yavuz Öntürk, Mustafa Can Koç, Ferdağ Özaras       |
| 13:40 – 13:50 | —  | <b>The Relationship Between Self-leadership And Academic Motivation: A Study On Students Of Sports Sciences</b>                                    | Ferdağ Özaras, Yavuz Öntürk, Mustafa Can Koç, Kübra Begüm Tangil |
| 13:50 – 14:00 | —  | <b>The Scale Of Motivation For Participation In Recreational Sports: A Validity And Reliability Study</b>                                          | Buse Samgam, Hüseyin Gümüş, Nezaket Bilge Uzun                   |
| 14:00 – 14:10 | —  | <b>Leadership Competencies Of The Sport Manager In The Society 5.0 Era: A Conceptual Framework From A Complexity Leadership Perspective</b>        | Ömer Özbey                                                       |
| 14:10 – 14:20 | —  | <b>Socialization Or Loneliness? The Trial Of Sport Managers With Digital Games In The Network Society</b>                                          | Ömer Özbey                                                       |
| 14:20 – 14:30 | —  | <b>Investigation of perceived social support and physical activity attitudes in team sports</b>                                                    | Semih Ceylan, Hüseyin Gümüş                                      |
| 14:30 – 14:40 | —  | <b>Green-Synthesized Silver Nanoparticles Using Brevibacillus parabrevis OW4: Multifunctional Activity against Oral Pathogens and Inflammation</b> | Hamza Ettadili, Caner Vural                                      |
| 14:40 – 14:50 | —  | <b>Evaluation of the Siderophore Production Potential of the Environmental Isolate Cereibacter sphaeroides PW7</b>                                 | Rumeysa Onmaz, Caner Vural                                       |
